

Claire's Day School adjusts tuition every two years to reflect staff raises and cost of living inflation. The average increase every two years is ~10% from the [current year's tuition](#).

The next increase is due starting with the Summer 2020 term and 2020-2021 school year; however, tuition rates have not yet been precisely determined .

This document will be updated by the time enrollment for this term starts in January 2020 to reflect the actual tuition rates, so that parents will be made aware of tuition rates prior to enrolling for these future terms.

Once solidified, tuition rates will never change mid-year. In other words, tuition from September through May will remain the same per the publication of the [current's year's tuition](#).
